

Alexander Lighted Urn

sku: RT7.30009

Tall, sleek luminous. A mysterious connection to the silhouettes of ancient Cycladic alabaster vases, as if one had been reimagined or added to by a Venetian in the Byzantine Era or a Roman in the Renaissance. When lit, the depth and nuances of the ancient alabaster come to life. The interior lighting mechanism is an LED strip light. Eight foot clear silver cord. Hi/Low switch on cord.
