

## Athena Sculpture

sku: 3.31472

*George Sellers created Athena by hand carving it from clay; a plaster casting was then sent to Italy for production in ceramic. The original, thought to be from the 4th century BC, is on display at the Louvre in Paris, France. Athena was the Greek goddess of many things: wisdom, courage, inspiration, civilization, law and justice, just warfare, mathematics, strength, strategy, the arts, crafts and skill. Minerva is the Roman goddess equivalent of Athena. The Greek city of Athens and the goddess Athena essentially bear the same name. | Our goddess is made from terracotta based ceramic, formulated in a method the Italians refer to as "calco", the act of packing a perfectly produced mold with terracotta clay. Once allowed to dry it is pulled away from the mold and transferred to a kiln where its fired at 950 degrees, then fired for a 2nd time after being glazed in our signature antique white glaze. Warrior goddess extraordinaire and all from the hands of George Sellers.*
