

Cambrian Bowl Orange/Blue

sku: 7.30085

Italian artisans in Murano create each bowl for Studio A Home as an individual piece of art. Molten glass is first spun in a centrifuge where the character of its color is born. Then it is placed in a mold to form the base of the bowl. An artisan forms the top edge by hand. From the randomly shaped rim of each 17.5-inch diameter bowl to the play of thin colored glass ribbons swirled around it, no two are alike.

Expect variations in color and shape in each individual piece because of the handmade, artistic methods used in producing this collection

multi-color Glass Decorative Bowl
