sku: 71416-71516

*Formal simplicity meets functional complexity with the sophisticated John Pawson collection. Inspired by his belief that the kitchen is the center of the home, minimalist architect John Pawson designed these exquisite pieces to elevate everyday cooking for professional and home chefs. Each modern pan beautifully transitions from the stove to the table thanks to the revolutionary Silvinox surface treatment that maintains the stunning, silvery-white finish. The 7-layer construction provides unparalleled frying and browning while guaranteeing exceptional heat distribution and retention.*
