

Pulcina Espresso Coffee Maker in Aluminum & Red

sku: MDL02/3 R

A revolutionary moka that combines the technology developed by illycaffè and the design experience of Alessi. Designed by Michele de Lucchi, Pulcina encapsulates a small but substantial design innovation that stops dispensing the drink at the right time before the coffee gets a bitter aftertaste. This helps to enhance the full and rich aroma of this drink. The spout, which recalls a chick's beak (hence the name of the coffee maker) allows it to perfectly stop the drop.
