

The Knife - Olive Wood 10"

sku: G-X888/26

Even at first glance, it is clear that 'The Knife' doesn't have much in common with a conventional chef's knife. In fact, its seemingly short handle and noticeably large blade with a very wide back, which can only be achieved in a forged knife, are more reminiscent of a designer object. Nevertheless, as soon as you have actually worked with 'The Knife', you will realise that this isn't just an example of breathtaking beauty, but also, and above all, a kitchen tool boasting unique handling. The fact that the knife contains nothing but flowing

Blade length: 12.5 inch

Blade with the legendary Gude serrated edge

Made of one piece of stainless chrome-vanadium-molybdenum knife steel

Hand-forged, ice-hardened and sharpened by hand

Perfectly balanced by the double crop (counterweight to the blade)

Blade hardness: 57 HRC

Riveted and framed handle shells made of Olive wood from Andalusia, Spain not suitable for the dishwasher
