*Whether suspended from a factory's steel rafters or a barn's wooden beams, "rough service" fixtures must be built to the most durable standards. Metal shades not only protect bulbs from breaking, they direct light downward to brightly illuminate a broad work area. Hudson Falls embraces high-grade finishes to refine these rustic forms, opening a range of possibilities for today's interiors. Exquisite Edison-style bulbs complete the reclaimed style, their warm light reflecting off the shades' interiors.*
