

## Spiralizer

sku: 36610-001

Create vegetable noodles and long spirals in 3 different widths with 3 exchangeable ultra-sharp blades. Simply position the vegetable on the blade in the housing and rotate to create beautiful vegetable spirals. The noodles drop directly onto your dish or cutting board. Blades that aren't in use can be conveniently stored in the housing and quickly exchanged as needed. Designed and engineered in Germany, Zwilling Z-Cut offers a unique grating and cutting technology to help you get your prep work done effortlessly. Thanks to the integrated, sharp 2-way cutting functionality combined with the unique Z-cut cutting blade teeth design, you get better grating results, faster. Z-cut was engineered using the long tradition of cutting expertise that only ZWILLING can offer. From fine and medium grating, to coarse grating, and slicing, you can enjoy more output, with less effort. Each tool boasts a sleek minimalist design that offers the utmost in comfort and ergonomics. And the slip-proof design makes Z-Cut safe and easy to use. All Z-Cut components are dishwasher safe.
