

Eichholtz A Walk on the Seashore Wall Art - Black & White

sku: 113876

To promote the western drama film Hud at the Venice Film Festival in 1963, Paul Newman showed a virility and sexappeal that had many onlookers swooning. Being one of the hottest American actors, Newman embodied the ideal of classical beauty. At the age of 38 he had the looks of a Greek god. This sensual picture of him comes in a sleek white wood frame with a white passe-partout and clear glass plate.
