Care: The information provided is not about restoring or repairing furniture and home décor, but about caring for and preventing damage to them. Use common sense and care when handling your items. Use coasters to prevent water damage and finish discoloration. Place trivets under hot serve ware to avoid heat damage and discoloration. Make sure your trivets and coasters have felt bottoms to protect against scratching. Use paper towels or a clean cloth/ towel to mop up spills, a damp sponge can simply spread them. Avoid prolonged exposure to moisture and drastic changes in humidity that can cause expansion and contraction of materials weakening joints and connections between mixed materials. Minimize exposure to direct UV light to avoid discoloration and bleaching.

Designed in the U.S.A

Both Commercial and Residential Use
