

Serena Table Lamp - Blue & White

sku: PAV-800-300

The Serena Lamp achieves the look of a priceless piece of pottery while illuminating a room—and capturing your imagination. Is it a centuries old antique or a wonderfully luxurious modern design? Our artisans have a way of making you wonder. Of course, this freshly crafted piece is the result of their skillful handiwork. They've rendered a regal silhouette in high-quality ceramic, then hand-painted it in the blue and white scheme of traditional China. The artfully detailed scene is rich in movement and energy rooted in the natural world, featuring a flowing ocean, majestic mountains, floating clouds, and flying birds. It's a work of art with functional appeal. Top with a classic lampshade and allow it to take the spotlight in any sumptuously decorated space in your home.
