

Sabi Table Lamp - White

sku: SOL-800-809

The Sabi Lamp brings in the sunlight—even after dark. Playful yet elegant, the piece features a subtle rendering of the sun at its center, acting as a stellar focal point bursting with whimsy. The lamp's long and delicate stem is realized in sand cast metal with a chic, minimal white powder coating. The cosmic form is thoughtfully placed between decorative design details encircling the metal, which trumpets out towards the bottom to form a gracefully flared base. The Sabi's artistry is understated, but certainly memorable. It's a romantic accent piece fit for a bedroom nightstand or sunny corridor console. Top it off with one of our signature shades to complete the look.
