

## Monet Footstool - Brown

sku: 1084A

*The Monet Foot Stool is designed to pair with our popular high-backed Monet chair. Based on sketches from the 1950s and 1960s, this foot stool is designed for style and comfort. It is handcrafted from natural rattan and is built to last as long as its timeless design. Rattan is strong, lightweight, flexible, and durable. Rattan is a natural climbing plant that grows in the Indonesian rainforest, without disturbing the existing structure and balance in the rainforest. Our skilled workers craft each piece of Rattan furniture by hand. Rattan frame will weather over time to a silvery patina and if the original natural rattan look is desired, rub with linseed oil.*
