

Mirage Abstract Wall Art with Natural Wood Bead & Jute Tassel

sku: LS8MIRAGWAWD

Inspired by Jamie's travels in the East, this set of three decorative hangings add instant intrigue to any wall of the home. Three organic, free-form resin rings draw the eye to an expertly hand-knotted sisal rope and a single natural wood bead. Soothing shades of blue, gray, and white create a feeling of calm. Generously sized; the smallest of the trio measures nine and a half inches in height and the largest a full two feet. Each piece is artisan crafted and each set is unique. The finish, wood grain, and exact measurements will vary.
