

Humphrey 2-Drawer Side Table - Burl

sku: EMI-120-24

We love our Humphrey Collection for its embrace of retro silhouettes and cosmopolitan style. The naturally vibrant patterns found in burl wood have a distinctively 1970s feel—all kaleidoscopic swirls with a bold sense of cool. In our Humphrey 2-Drawer Side Table, the material is shaped into a continuous C-curve, like a waterfall table turned on its side. The silhouette allows for an open platform above the lower drawer, perfect for placing a stack of books or a decorative statue. The two drawers are seamlessly incorporated into the form, sans pulls. An impressive hardware accent is found in its brushed brass base, which is slightly recessed to create a visual, structural contrast. The Humphrey Collection exudes elevated richness.
