

## Humphrey Etagere - Burl

sku: EMI-475-24

*We love our Humphrey Collection for its embrace of retro silhouettes and cosmopolitan style. The naturally vibrant patterns found in burl wood have a distinctively 1970s feel—all kaleidoscopic swirls with a bold sense of cool. Our Humphrey Étagère brings the material to dramatic heights. Soft curves give the striking form a certain fluidity, while the sharp lines of its glass shelving provides a structural contrast. The lacquered sheen of the wood is matched by its brushed brass accents, found in the corners and in the sleek pulls of its lower cabinet. While the open shelving allows for artful display, the cabinet provides hideaway storage, with two doors opening to reveal oak veneer interiors and an adjustable shelf. The Humphrey Collection exudes elevated richness.*
