

## Lauran Etagere - Gold

sku: HAY-475-808

*Like a Mondrian painting brought to life, our Lauran Étagère juxtaposes rectilinear shapes to produce a grand-scale impression. Its gold-leafed metallic frame is instantly striking, forming an open grid with stepped and floating shelves, upheld by or suspended from the clean-lined beams. The result is a collage of geometries in three dimensional form, anchored by a black lacquer base. Alternating shelves of beveled mirror and glass provide a polished display for all your treasures, from sets of books to vases and statues. The Lauran is a bold, modern, and truly glamorous furnishing for a sitting room, study, or stylish bedroom.*
