

Inline Root Decorative Vase - Hazelnut

sku: 7ROOT-VABE

The silhouette of this decorative vase is traditional, but the handcrafted details give the vase a personality of its own. Ceramic is shaped by hand and given a weathered surface effect to create an antique texture and form. Its unrefined shape and earthy color palette will bring a warmth to your existing decor. Each vase is a one-of-a-kind piece of art. As such, their exact shape, color, and finish will vary slightly.
