

Inline Chatham Wall Sconce - Clear Glass - Available in 2 Colors

sku: 4CHAT-SCAB

This linear wall sconce's sleek glass cylinder is held by a hand-brushed metal backplate and belt. Evoking both modern and industrial notes, the duality of its structure allows for the projection of light in opposite directions. Completely versatile, this sconce can be hung both vertically and horizontally. Consider using two of these sconces to flank a mirror, window, or doorway.

- Wall Sconce - Available in 2 Colors
- Made of metal with clear glass shade
- Sleek rectangular mount
- 2-Light wall sconce
- Professional Installation Recommended

The inherent variations in tone and texture of artisan made products are preserved. These unique imperfections give our products character and individuality, with each piece having its own personality.
