

Hudson Valley Lighting Brockton 1 Light Flush Mount - Aged Brass

sku: 6612-AGB

A thick diamond-shaped alabaster shade is set on a square Aged Brass backplate. Light fills the stone and reflects beautifully off the visible metal corners behind, while the smooth lines and rounded edges give the sconce and flush-mount a soft, soothing feel. Brockton also makes for an architectural table lamp composed of two alabaster blocks stacked slightly askew underneath a white linen drum shade.

- Flush Mount in Aged Brass
- Body Frame Material: Brass
- Shade/Diffuser Material: Spanish Alabaster
- Size: 11.5"h x 11.5"w
