

Four Hands Flat Stack II By Fh Art Studio - Ambrosia Gold

sku: 237363-001

Flat-stacked tonal ranges of laser-cut papers form abstracted shapes that play with tension, scale and balance. Heavy contrast with a bold white modern piece in an antique-inspired, ambrosia gold moulded frame. Two hanging orientations provide versatility for mixing and matching, as well as gallery wall placements. If not currently in stock, this texture-enhanced piece ships within three weeks. Handmade in Austin, Texas.
