

## Black Satin Cabinet - Black

sku: EUR-04-0478

A brass-finished stainless steel base supports the stepped, breakfront cabinet with six drawers below the two open display cabinets either side of the center cupboard. The doors and drawer fronts are reeded and finished in satin black, with hardware to match the base. The display units have gold-leaf mirrors to the back, with touch-sensitive lights operated by an inset brass button on the right-hand display cabinet.
