

Scarlett Stool - Driftwood

sku: NIC-500-92

Our Scarlett Stool represents a 21st century take on a 1940s classic. Hand crafted in sustainably-sourced Cape Lilac Mahogany, the piece is equal parts rustic and modern, and comes in our most popular finishes—ebony, driftwood, and natural. The seat is made of meticulously hand-woven cane, gently curved for comfort. The organic materials and airy form make the Scarlett breezy, beachy, and cool. Pair it with anything from a vanity to a console table.
